Chapter 26 Powerpoint Project

Section 4, Part 2 Instructions
Christianity and Islam

- You will base your powerpoint on the information from page 495 to the end of page 496 of your textbook, beginning with the section titled, “The Rise of Christianity.”

- Do not copy sentences directly out of the book unless they are definitions for key words, or they are sentences that I have listed below for you to underline.

- Remember to make key words like Bethlehem bold and to describe them.

- This section has no test questions in it. You will not have any underlined sentences in your powerpoint. **However, this section is very important!** Describe the religions in this book fairly and factually. Remember not to be judgmental or mean-spirited. Also, **you may not include pictures of Muhammed or Allah** because showing their pictures is considered very offensive to Muslims.

**Communism Brings Change**

- When the communist government came to power in 1949, it changed Chinese life by creating farm communes.
- A commune is land that is owned by the government where people live and work together.
- Chinese farmers resisted the communes because they were used to working as a small family.
